

How the Leyton Loops fit together

Waltham Forest Walks

Leyton Loops

The 'Leyton Loops' are suggested short walks to be tried separately, or joined together for a longer walk.

Leaflets covering the full series of walks should be available from Council information centres; they can also be downloaded from this website :

www.walthamforestwalks.info

where you will find walk updates and a wider selection of walking routes in the Borough of Waltham Forest with information about local history and interesting buildings.

We welcome suggestions as to how these routes and the leaflets can be improved. Contact the Voluntary Co-ordinator, David Boote phone 0845 009 0073, email david_boote@yahoo.com
